

## Online Resources & Community

We are pleased to provide Oyster Babies parents and caregivers a variety of online opportunities to interact with the Centers and each other.

### **Website – [oysterbabies.com](http://oysterbabies.com)**

This is our official website where you can familiarize yourself with Oyster Babies' educational philosophy, creative process and program descriptions. You can also access forms, current calendars and menus, as well as employment opportunities.

### **Facebook (Public page) – [facebook.com/oysterbabies](https://facebook.com/oysterbabies)**

This *public Facebook page* simply serves the purpose to allow Facebook users to “check-in” or “like” us.

### **Facebook (Closed group) – [facebook.com/groups/oysterbabies](https://facebook.com/groups/oysterbabies)**

You're invited to join our *closed Facebook group* for regular updates, reminders and other relevant information, such as recalls, events and news. We've also created this group for Oyster Babies parents and caregivers (and even alumni) to post and share with each other in a positive environment. This group is restricted to *approved members only*, so photos, posts, and other content cannot be accessed or viewed by non-members.

**Important Notes:** *If you would not like your child to be included in photographs posted on Facebook, please let the Office know. Also, the above online platforms are intended for sharing general information and building community. If you do have a question or concern that needs immediate attention, please contact a director this way:*
